

We wish you many
years of great success
in this practice!

August 15, 2010

Dear Dr. Chad and Dr. Stephanie,

We wish to give you our
heartfelt thanks for bringing
our beloved Emmaline back
from the brink. She is now
doing as well as possible for
her age; she celebrated her
18th birthday last month.
In fact, she is as active as
she was at least five years
ago.

We feel very fortunate to
have her with us for this much
longer time than expected. Espe-
cially as she is so evidently feeling
good. Many thanks,
Bob Shell
